

All the Machete Group are Having a Twitch ጌታቸው ረዳ (ኢትዮጵያን ሰማይ አዘጋጅ)

The first photo turned to be look alike Hailemariam Desaleng with confusion and uncertainty, the second seemed to be viciously unhappy and angry, and the third is really disappointed, sad and depressed. Why? We will talk below. Only in America!

On Monday, Ethiopia, and its blessed womb, and her ‘God’s name’, the miraculous God of Ethiopia (Egziabher) was heralded loudly at the house of the ethnic cows in Addis Abeba unexpectedly by a member of the fascist organization named “OPDO”, a brutal organization responsible for thousands of Amhara’s death and deportation from the so called “Oromiya” a newly elected Weyane’s PM Abey Ahmed Ali lift-up every Pan Ethiopian to higher hope of euphoria with his unexpected Pan-Ethiopian speech.

Abey’s Pan Ethiopianist speech was something we all of us hear him as it was a dream. It has a great impact inside the soul of the Pan Ethiopianist emotions. To hear such unexpected Pan-Ethiopianist bomb-shell from the fascist circle is a very strange phenomenon! I am thrill with his speech.

On the other hand, his Pan Ethiopianism speech was a blow, a dagger blow to the psych of all the hate mongers and secessionists, best referred as “the machete elites” (ሜንጫ ግሩፕ/የጥላቻ ባህታውያን) . We the

Pan Ethiopiansits were hit by the unexpected pleasurable euphoria from Abey's speech, on the contrary, Abey's speech caused the OLFites go crazy to a serious, serious mental twitches. The Jawarias, the Ezkielites and the Gabissas are whining and complaining against Abey for holding up higher his Ethiopian nationalism for the whole world to hear and see it. Listen to this interview,

Jawar Mohammed, Ezekiel Gebissal & Henok Gabisa On Dr Abiy Ahmed's First Inaugural Address

you will hear their doomed psych crying and flying from facts. You will laugh at their mumblng and crying with all their defeated excuses and hard to understand their blurred words to words clearly showing their defeated psych. I am glad they cry! And they are twitching now very badly. Go Abey! And tell them as you eloquently told “ኢትዮጵያዊ ከኢትዮጵያ ታወጡት እንደሆነ እንጂ ኢትዮጵያን ከኢትዮጵያዊ ልብ ልታወጡት አትችሉም!” Lord of Ethiopia Have mercy!!! The Machetes groups are really feeling the hot desert! He, really send them a shock, telling them “stop preaching hate against the beloved የለምለሚትዋ Ethiopia ማህፀን”! Can't kick the feeling when it hits! Uh, Oh Uh!!!

Abey's superb Pan Ethiopian speech was unheard and uniquely recorded since 1991. Am expecting Abey to bring a radical change while he is within the Fascists and surrounded by opportunist individuals working with such brutal party? My answer is no- I already wrote my comment last week reason why it is going to be difficult for him to bring radical change. Read my commentary- “A Rotten Apple, Plus a Rotten Apple, Plus a Rotten Apple, you may continue adding up more rotten apples- will never Produce a Good healthy Apple!” (Welkait.com and Ethiopatriots.com, Ethiopanorama.com and Ethioexplorer.com), having said, Abey managed to brainwashed the entire nation with Pan Ethiopianism holly water. That in itself is the first thing that was lacking to wake up the nation from its dormant apartheid atmosphere! It is this

point why the hate mongers from the Oromo group are trying to downgrade his performance speech which is full of Ethiopian flavor

His Pan Ethiopian Speech mentioning God of Ethiopia which was absent and unheard for 27 years in ‘The House of the TPLF cows’ was a pleasant fragrant sent from the deep sky of Ethiopian for all men and women prescribed as a God’s therapy. The saying ‘Nothing is powerful than the power of words’ is absolutely true. The last 27 years all the hate group and secessionist herds (TPLF/OLF elites) truly managed to brutally suppress and ruined the Pan Ethiopia love and unity fabric. No question, Abey gave a great Pan Ethiopian speech, an eloquently presented with a unique conclusion “MAY GOD BLESS ETHIOPIA!”. This in itself caused the secessionist puccinellas to flop to their hell floor after they heard him calling Ethiopia’s sovereignty is above any politics”. Yes, I hear you, brother!

All you the ‘machete groups’ can downgrade Abey’s Pan Ethiopian speech, and you can do that all you want, at the end of the day, his speech was a pleasant aroma and managed to neutralized the sticking air you all spoiled it for over 40 years since OLF establishment. Each villager heard the name ETHIOPIA and the name GOD OF ETHIOPIA. That is a shock and blow dagger for you all hate mongers and ignorant elites!

I can only pass this message to all the hate group leaders—‘If you or your puppets are sick to hear the name Ethiopia, and if it is affecting you, that means you are defeated.’ As they say, ‘When **defeat** comes, accept it as a signal that your plans are not sound.’ I wish all the ‘Machete Group’ a recovery from the heat they are suffering in order to obey the God deep universe of the Ethiopian sky from where miracles rained like that of the Monday Aroma !

መልካም ፋሲካ ይሁንላችሁ!

God Have mercy! And you surely did on Monday!
